Rulings—
Bills—Amendments to—
Amendments thrown out by a large majority in the committee stage need not be selected under S.O. No. 32 (6) for discussion in the full House 560
New clauses not relevant to any particular clause but relevant to a Bill may be moved 560
It is a working rule, that amendments to Bills for consideration on a particular day should reach the Secretary before 3 p.m. the previous day but when an amendment represents a compromise between the parties, it would be specially dealt with 96
The mover of a Bill may bring in an amendment contrary to its provisions as reported by the Select Committee 72
An amendment substantially identical with one already voted upon, though slightly differing in scope, is not in order 364

PAGES

R—*cont.*

Rulings—*cont.*

Bills—Committee stage—
Rules as to number of speeches are not strictly observed in the committee stage ; except that, there is not much distinction between the committee stage and the stage of consideration of the Bill by the House 560

Bills—Select Committee on—
A Bill, which has passed through a Select Committee and on which a final report has been drawn up and circulated, cannot be recommitted to another Select Committee under S.O. No. 44 .. .. 441–442, 462
There is nothing in the Standing Orders preventing the commitment of two Bills to one and the same Select Committee 365–366

Bills—Select Committee, Chairmanship of—
There is no objection to including the President in a Select Committee to be its Chairman 1232
The President being a member of the Select Committee, the convention is that he can nominate himself as its Chairman under S.O. No. 40, if the Leaders of parties agree unanimously to such a course 1232

Bills—Select Committee, instructions to—
The procedure of allowing members to move in the Council for issuing instructions to the Select Committee, though not provided for by rules or Standing Orders, is adopted, under the powers of the President vested by S.O. No. 79, in consonance with the practice in the House of Commons 1061

Bills—Select Committee's powers—
Interpretation of Standing Order No. 40 (4). Issuing a questionnaire to the local bodies by the Select Committee on the Local Boards Act Amending Bill cannot be called 'hearing expert evidence'. The expression 'special interests affected' in the case of the Local Boards Bill does not include the local bodies. 1238–1239
Select Committee's powers to introduce amendment—A Select Committee cannot introduce any provision which is not within the scope of a Bill .. 1034–1038

Bills—Select Committee's powers to introduce amendments, limitations on—
If the Select Committee puts in provisions which could not be introduced in the Bill, the Bill should be recommitted to the Select Committee for omitting such things, as the Council cannot discuss such provisions in open House 1038

Debate—
President's speeches—It should be a convention not to refer to the speeches made by the presidents while they were members of the Council 1208

Decorum—
A member rising to offer a personal explanation should do so from the seat allotted to him in the House 1047
Conversations between members across the table may disturb a debate and can more conveniently take place in the lobbies instead of in the House 826, 827

Demands for supplementary grants—Cut motions on—
A cut motion which does not refer to the administrative liability of the Government in regard to the sum involved in the grant is out of order 1344–1345

Motion(s) under rule 24-A—
A—is not a 'resolution' and need not be in the form of a specific recommendation to Government 380
Ruled that the motion 'that the Assistant Secretary, Legislative Council, be given facilities to study first-hand Parliamentary procedure and practice' raised a definite matter of general public interest and therefore came under the ambit of rule 24-A 380–381

Questions and Answers—
A question should not be of the nature of a resolution 608
Government can confine themselves, in answering questions, to the information available with them 608
Question time should not be availed of as an opportunity to demand an assurance on any matter from a Member of Government 413

Quotations
The practice is that the official books or documents from which quotations are made are generally supplied, or an undertaking to supply them is given .. 82

Resolutions involving financial liability or imposing any charge on revenues—
Sanction of the Governor under section 80-C of the Government of India Act not necessary to the moving of a resolution recommending the undertaking of a financial liability 1313–1314
